ABOUT US

The core aim of the project is to provide NEETs (young people who are Not engaged in Employment, Education or Training) with a comprehensive course that will complete their skills and enable them to work autonomously as Social Media Managers.

At the same time we will provide Small and Medium Enterprises which still do not possess a digital presence with capable and enthusiast young managers, who will help them enlarge and strengthen their business by seizing the many opportunities offered by the World Wide Web.

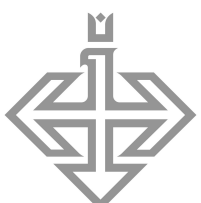

Together we will offer an opportunity to many young people to kickstart their career in Social Media Marketing and to SMEs to enter a new world of business possibilities offered by Social Media.
